

Key Control

Cargo Theft Prevention Module

Date: 02.19.2020

Our Mission + Core Values

OUR MISSION

We are driven to earn our customers' trust through the safe, on-time, damage-free delivery of vehicles, achieved through leadership, teamwork and a focus on excellence.

We are driven to be the supplier and employer of choice in the finished vehicle logistics industry.

CORE VALUES

We value people and relationships.

We believe in safety and quality.

We encourage communication.

We embrace financial stability.

Unlocked and Ready to Roll

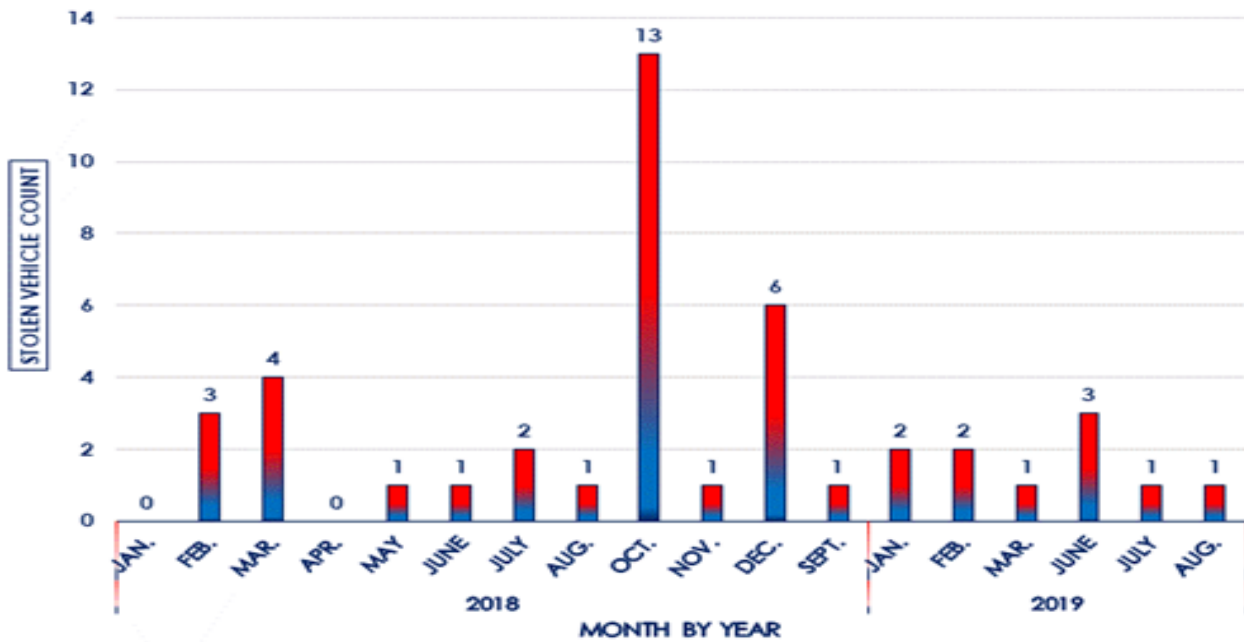

Polices & Procedures

- Park in well lit, secured areas
- Back against a wall or fence, if possible
- Lock and remove keys from cargo units, even when in a “secured lot”
- Lock your truck when parked
 - Jaguar (\$125,000) stolen off truck in Romulus yard – keys left in the vehicle
 - 2 loaded trucks from 1 terminal (\$800,000)
- Ways to Control the key:
 - Fish Stringer
 - D hook
 - Small bag

STOLEN VEHICLES BY MONTH

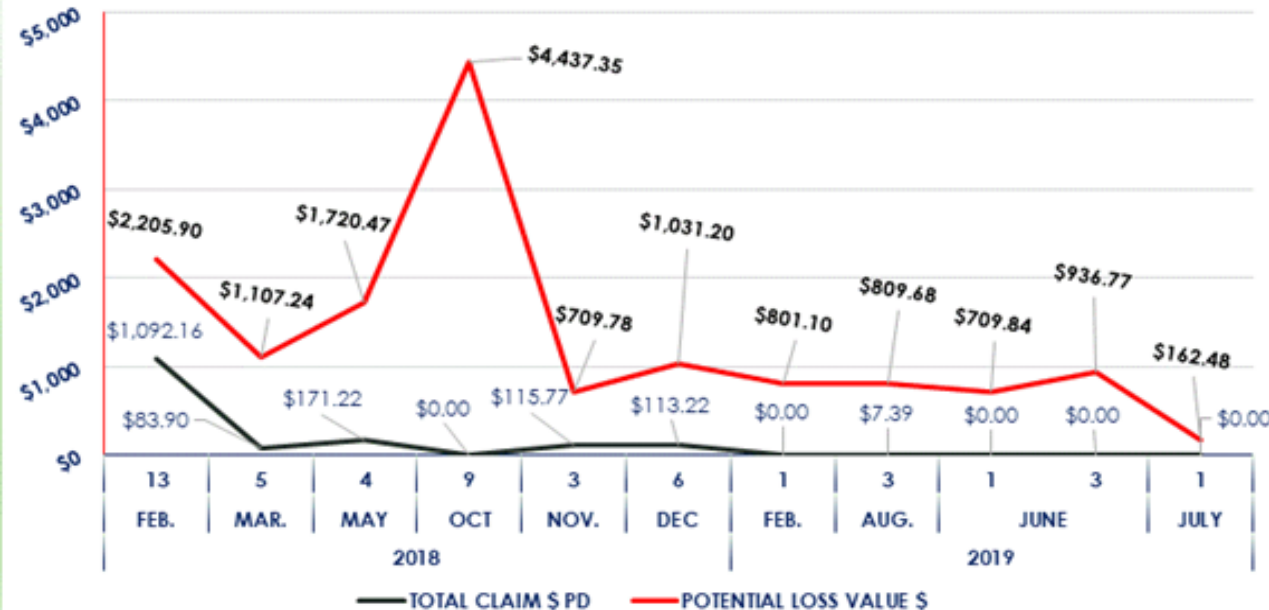

Hi-Jacked Vehicle Statistics

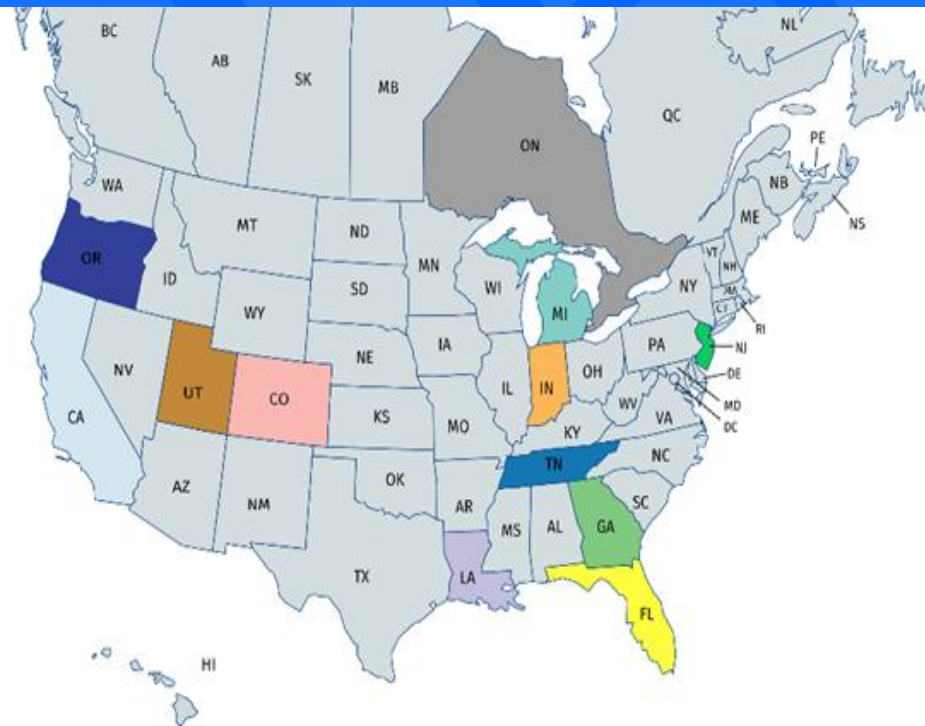

- Average price of car tops \$ 34,000 in 2019!!!
- Key Fobs are reprogrammed and sold!!!

TOTAL CLAIMS \$ PD vs. POTENTIAL LOSS VALUE \$

HIJACKED VEHICLES BY STATE

CONTROL YOUR KEYS!

STEPS TO ENSURE KEY CONTROL AND DETER THEFT

- Rollup all windows

- Close all doors, hood, trunk/hatch, fuel cover

- Remove all keys/fobs from the vehicle

- Lock all doors

- Keep keys with you at all times.
Do not leave keys unattended.

- Place keys in drop box for STI/AHD deliveries

Are YOU in control?

A few questions before we go:

- Keys are to be place in cupholder for transport? [FALSE]
- Only one key/fob must be removed for transport? [FALSE]
- If vehicles are being delivered same day they do not have to be locked? [FALSE]
- When it's hot, windows should be rolled down? [FALSE]
- Always park in a well lighted area? [TRUE]
- Secure keys in cab of truck for safe keeping? [FALSE]

Thank you!
